## World Headline News Becomes Albania's First 100% Politically Correct Paper!

Albania (WHN) Following publication of *Issue 11* of the **World Headline News** (see photo), an anonymous lawsuit was filed by a **WHN** reader. This lawsuit cited "insensitivity and bad taste" on part of the WHN staff as grounds for the court action. The staff (Mark D. Scott) of the **WHN** regrets any eyestrain or emotional trauma the offending article(s) may have caused. Following consultation with higher beings (i.e., Legal Consul) the staff of the **WHN** concluded that it was time to redirect the efforts of this world renowned publication. Thus, commencing (*and probably ending*) with this issue, the **WHN** strives to offend no one (*versus everyone*), pronounce no opinions on controversial subject (*Abortion? We will follow the line of Supreme Court nominee (now Justice) Clarence Thomas and state that we have never given much thought to its morality or legality*), or offer any offensive political opinions (*We feel just swell about both Bill Clinton and Ronald Reagan, but we CAN understand and validate your arguments as well*). In addition, we at the **WHN** promise to have a member of each of the 3,678,214, 883,297 racial, religious, political, emotional, and....well, you just name it... special interest groups review and approve each and every word of the **NEW, IMPROVED WORLD HEADLINE NEWS**. We hope that you \_\_\_\_\_ (*please fill in your words of choice*) the **World Headline News**.

**How to Prepare  
Potato(e)s\***

*\*For holders of the Unabridged Dan Quayle Dictionary.*

Potato(e)s are our edible friends. Some people like them fried, others prefer them baked. However, while we at the **WHN** can appreciate the flavor of fried foods (*I tried it once in 1966*), we would like to

take this opportunity to encourage you to prepare baked potato(e)s and to use a low fat, low salt, butter substitute. We realize that this suggestion intrudes upon your own personal choice, but we believe that societies best interests (*i.e., keeping you healthy and productive and not using taxpayer money for life support systems....leaving more taxpayer dollars for the those poor unfortunate individuals trampled by our heartless society*) should be considered.

Thus, based on the above argument, our **Culinary Arts Department** (*previously the Department of Bad Taste*) offers the following recipe:

1. Do a though background check on

the potato(e) farmer. Has he used illegal migrant farm workers; paid subminimum wages; or hired an inadequate cross section of people from differing ethnic, religious, gender, etc. groups?

2. Following selection of a proper vegetable farmer, be sure to obtain a signed consent form from the potato(e) [*if potato(e) is less than 8 oz please have the parental plant sign the consent form*].
3. Bathe your potato(e) in pure spring water; we suggest *Evian* but if you prefer *see Potato(e) pg. 2*

Chair, Capital Regionites Against Pugnacity

**Albania (WHN)** We at the Capital Regionites Against Pugnacity (C.R.A.P.) have been shocked at the insensitivity shown by previous issues of the **World Headline News**. Past issues have directly made light of the serious contributions to humanity made by: The Pope, Prince Charles, Mother Theresa, Barney the Dinosaur, George Bush, Dan Quayle, Madonna, Elvis Presley, Jean Dixon, Bernadette Healy, Tweety Bird, Big Bird, John Gotti, Leona Helmsley, Joseph Gambino, and Dr Sam Test. This can not, nay, should not, continue. We at C.R.A.P. have taken a stand against the insensitivity shown by irresponsible, so-called journalists such as Mark Scott (the **WHN** Editor). Thus, we ask that you, the readers of the **WHN**, join the C.R.A.P. **WHN** Boycott until such time that this scandalous, insensitive, scatological, infantile, villainous, vile, worthless, slimy, yet potentially valuable journal changes its ways. C.R.A.P. thanks you.

ChairMAN of, well, actually nothing....

Mr. N. Ander-Thal

**Clifton Park(WHN)** Give me a break. What is C.R.A.P., and who does it really represent. I am really tired of hearing C.R.A.P. this, C.R.A.P. that. I like to harken back to the days when men were men, and women were property, or at least couldn't vote. We should return to the days when sensitive men lived in San Francisco, cholesterol was good, huntin' was "in", and the Republicans were in the White House. Personally, I like the **WHN**, well at least when it leaves Mr. Quayle alone and sticks with good stuff like nudity, and I don't think we should burn down it's offices--at least not yet, I ain't seen the next issue. So to all you pansies out there I have this to say,

**" pppppptttttth h h h h h !!! "**

### National "Be Kind To Intestinal Parasites" Week October 3-9, 1993

**Potato(e) from Page 1** to buy American, *Calistoga* or *Poland Spring* water will do.

Please be sure not to drown, or harm in any other manner, any self-sufficiency challenged insects (e.g. nematodes) that you might find during this process. Please recycle the bath water appropriately (We at the **WHN** use it to brush our teeth).

4. Preheat an energy efficient toaster oven (large ovens are much too big for 1 or 2 potato(e)s) to 325°.

5. Gently place the bathed potato(e) onto the toaster rack. Cook for approximately 1 hour (or until slightly soft) but, please do not cause any undue stress to the potato(e).

6. Using a recyclable (never plastic) cutting instrument, gently open the potato(e) and blend the meat (remember white meat good, red meat bad) to a fluffy consistency.

7. Apply a small amount of nonfat, low salt, butter substitute.

8. Add 14 oz of sour cream, 1/3 lb bacon bits, chives, and garnish with parsley. Sneak in lots of real butter and then you can enjoy a good potato.
