G(r)reek Kid To Leave Albania For the Tropics

**Fotios Koumpouras
Flies Off to
Grenada**

Maybe.....

Mark D. Scott
World Headline News

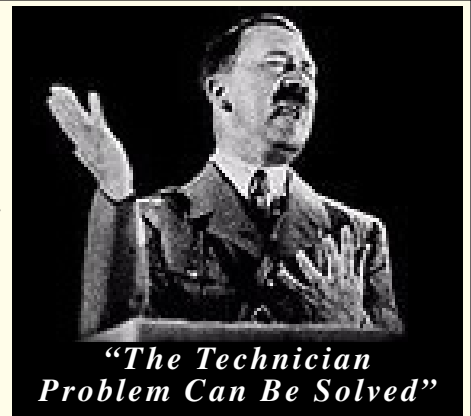

Albania (WHN) Fotios Koumpouras, a.k.a. *The Ingrate Greek*, has announced his intention to desert the laboratory of Dr. Mark “Dad” Scott at the Albanian Medical College. Mr. Koumpouras announced his possible departure to a chorus of “boos” from his fellow laboratory personnel. “Dad” Scott meanwhile was in profound shock. Said Dad, “After all I’ve done for that kid, the opportunities I’ve given him....the \$17.83 per year I’ve spent on him....How could he do this to me. Why he was unable to find a job in science.... I took him off the streets even though I was warned about him by Khandan.....”

Other coworkers also expressed similar shock. Ms. Kari Murad, fellow *X-Files Investigator*, was overheard to say, “Golly Gee Wiz, I can’t believe he could do this to us..not to mention his ingratitude towards Dr. Scott who has given him sooo much.” In response to the outcry over his ingratitude towards Dr. Scott, *The Ingrate Greek* would only say, “Hey, when I didn’t give him a Father’s Day card you would have thought he would have taken the hint...”

Technician Desertion: The Gravest Problem Facing Science Today?

Albania (WHN) The New Chancellor of Research at the Albanian Medical College, Mr. Floda Reltih, has stated that “The unwillingness of technical minions to remain in their underpaid positions is currently the greatest single challenge facing the faculty of AMC”. According to Chancellor Reltih, this dilemma was brought to light by, “the impending desertion of an ungrateful greek (Mr. Fotios Koumpouras) slaving in the laboratory of his father, the highly esteemed Dr. Mark Scott.” Because of Mr. Koumpouras’s lack of loyalty to his Father’s lab, the Chancellor has initiated a series of steps to assure Technician loyalty.

While the Chancellor’s initiatives have not been detailed, Mr. Reltih publicist, Ms. Marge Schott has asserted that rumors of shackling technicians to the lab bench are “somewhat overstated.” Ms. Schott further states: “The Chancellor’s only wish is to solve the Technician Problem and he has no designs on the Student lounge problem....at this time.”

“The Technician Problem Can Be Solved”

Decanal* Search Narrows New Committee States: *“Why outside of Leavenworth, we’ve got the best candidates available right here at AMC”*

Albania (WHN) In a surprising move Mr. James Barba has announced the formation of a new Decanal Search Committee. The committee has been charged with scouring the catacombs of the Albanian Medical College for a new Dean. While rumors are rampant as to whom the Committee will select, Las Vegas Oddsmakers have made Ned Ander-Thal, of the Division of Experimental Pathology, a prohibitive underdog at odds of $2 \times 10^8:1$. More prominent candidates include recent M.S. degree recipient Edward Sim, parking lot attendant Jim E. Lock and current AMC goat herder Fotios *“The Ingrate Greek”* Koumpouras. A decision is expected soon.

WHN Buys Into Jackie-O Mania

INVESTS \$2.7 MILLION IN “GAMELOT”
ANNOUNCES SCIENTIFIC INITIATIVE TO CLONE JACKIE-O
.....DENTAL PLAQUE IS KEY TO SUCCESS.....

Albania (WHN) The **World Headline News** is proud to announce that we have successfully bid for one of the many items offered at the recent auction of Jacqueline Kennedy Onassis estate. Shown below is the dental hygiene tool used by the late Mrs. Onassis during her years in the White House. The **WHN** would like to assure its loyal readers and subscribers that this was not a frivolous purchase..rather it was a scientific investment. Professor Alberto Einstrudel of the Albanian Medical College plans to clone the DNA contained within the dental detritus and to bring Mrs. Kennedy (since this artifact dates to the Whitehouse years Jackie was not yet Mrs. Onassis) **BACK TO LIFE!** Professor Einstrudel predicts that Mrs. Kennedy will be back with us within the next 6-12 months. Furthermore, *with some luck*, Dr. Einstrudel hopes to have Jimmy Hoffa up and running within 2-3 years.

\$2,700 per Bristle!

A Brush With Destiny (and plaque!)

Mad Cow Disease Strikes Bart Simpson

Albania (WHN) In an ironic twist, television's Bart Simpson who climbed the ladder of success in Tinseltown by uttering the phrases, *“Don't have a cow man”* and *“Cowabunga dude”* has been struck down by **Mad Cow Disease**.

Sister and co-star Lisa Simpson, a noted vegetarian, says that Bart contracted the disease in England after consuming several *“beef burgers”* during last years Wimbledon Tennis Tournament. Lisa Simpson also tried to dispel rumors that Bart does not have **Mad Cow Disease** but rather tertiary Syphilis. According to Miss Simpson, *“These rumors are unfounded. Bart, while not a Saint, is not old enough to have that disease reach such an advanced stage.”*
