## The Year In Review

Professor **John W. Eaton** (a.k.a. Dirty Dog Eaton) abandons Albania for Houston. But in a show of loyalty, Dr. Eaton will maintain **The Turret** as a summer (fall, winter & spring) palace. States His Highness (well he is rather tall), "**Queen Diana and I expect to maintain The Turret for a long, long, long time (sob)...**"

**Annual Pathology Holiday Party A Huge Success!**

Or at least booze was consumed.

"Same time next year shouted by all".

## California Successfully Expels Aliens

GOV. PETE WILSON SAYS, "THOSE SUCKERS ARE GONE!"

Oakland (**WHN**) In a scene straight out of Orson Well's "War of the Worlds" radio docudrama, Gov. Pete Wilson and the State of California have courageously fended off hordes of invading aliens. While little is known about the aliens, **WHN** photographer Acel Adams was able to capture this photo of the "Nasty little leeches" (as Gov. Wilson refers to them). While the **WHN** dislikes contradicting Gov. Wilson, our Inter/IntraGalactic Taxonomist Dr. Ned Ander-Thal states that the *Alien Creatures* are not "leeches" though they do have a nasty looking ventral sucker that could quite conceivably suck the guts out of the good earthlings of California.

## Dolly-Llama Makes Repeat Pilgrimage To Albania And WHN Anniversary Party

Albania (**WHN**) The supreme head of Bubba-ism, the Dolly-Llama, (see photo) has once again visited Albania. In contrast to her 1993 visit (see Issue 15), her visit this time was one of pure pleasure as she served as the Keynote Chanter at the **WHN'S FOURTH BIRTHDAY PARTY**. According to the Dolly-Llama, "This has been the highlight of my life to date. Just think, I had the honor to honor Mark D. Scott, Founder, Editor and Publisher of the **WHN**...the outstanding voice of freedom in the Western World, the purveyor of truth, justice and the American way, the light of civilization, the geyser of human hope, the source of countless legal free to Finkelstein, Levine, Gittelson & Tetenbaum. And by golly that Swank Place is the nicest place I've ever chanted in!"

Forced to leave Tibet for Nashville in 1959 the Dolly-Llama has recently declared Albania as the new spiritual homeland of Bubba-ism. The Dolly Llama is best known for her prayer chants (e.g., *Best Little Llama House in Tibet*; *Praying 9 to 5*; and *Stand by Your Prayer Wheel*).

### What is Bubba-ism?

While Bubba-ism is a major religion in much of the United States (e.g., south of the Mason-Dixon line and west of the Mississippi) most Albanians are not familiar with the basic tenants of this religion. As a service to our readers, here are the basic beliefs and traditions of Bubba-ism:

1. Believes in the sanctity of Ford trucks.
2. Sings praises to St. Jack Daniels.
3. Extols virtues of hard living (but not hard work).
4. Wears ceremonial prayer sandals called "Shee-It Kick-EEerrrs"
5. Holds religious services in temples called "Honky-Tonks".
6. Baptisms utilize a special holy water with the acronym B.E.E.R.
7. Common vernacular has no words containing more than two syllables.  
(e.g., *Yo, Dolly, whar's the beer?*)
8. Prayer shawls embedded with the rare stone from Rhine, Tennessee.
9. Name children after wayward woofs (e.g., *Billy Bob, Bob-Bob, and Lassie*).
10. Watch sophisticated (or in their vernacular, **bo-dacious**) television shows such as "Baywatch" (Ain't that there Pamela Lee Anderson one fine actress!)

## WHN Business Report

# Columbian Miracle Wine

## TASTES GREAT AND RELIEVES PAIN

Albania (**WHN**) Mr. Pablo Escobar has been awarded the 1996 **WHN & Wine Spectators Award for Excellence** for their **COCA WINE**. Mr. Escobar's introduction of his Columbian Estate Wine has created tremendous excitement in much of the United States.

This fine wine is produced in the lush volcanic highlands of Escobar's homeland of Columbia and is hand grown by dedicated agriculturalists such as Mr. Juan Valdez. Mr. Valdez, best known for his ties to the **South American Coffee Cartel**, has recently joined with Mr. Escobar in the joint venture to produce the fabulous **COCA WINE** vintage.

But what makes it great? According to Messrs. Escobar and Valdez, growing conditions are only part of the magic. Proper care in the treatment of the final product is the other half. For example, to insure that shipping does not

damage **COCA WINE'S** delicate "lift", Mr. Escobar assures that it is not subjected to the low atmospheric pressures arising from high altitude flight. To achieve this feat, Mr. Escobar has his own fleet of planes and pilots that excel at low level, flavor-saving, flights.

Furthermore, in a stroke of marketing genius, Messrs. Escobar and Valdez have gone to great pains to assure the availability of their product to all income groups. Not only is their wine found in the finest homes, it is also available to the common working and welfare homes. Indeed, Messrs. Escobar and Valdez have aggressively marketed **COCA WINE** to the "common" man. Unexpectedly, this egalitarian move may have had some additional benefits.

Because of the street rumors regarding **COCA WINE'S** medical miracles, Messrs. Escobar and Valdez have enlisted the scientific support of Dr. Manny Gambino. Mr. Gambino, better know as *Dr. Crack* at his street clinic (perhaps because of his witty wisecracks--or perhaps its due to the way his pants slide down when he bends over), has been conducting extensive street trials of various distillations of **COCA WINE**. According to data to be published in the June edition of the *Wine Spectator*, consumption of **COCA WINE**, or its "distilled derivatives", can help in weight loss and diminish a variety of aches and pains. Furthermore, according to **WHN** psychological consultant Dr. Sigmoid Froid, this wine can relieve a variety of psychological stresses and result in better sleeping patterns. However, as with any effective analgesic, it is recommended that you do not operate heavy machinery after its use.

These findings have prompted government action. Surprisingly, the **FDA** (Food Drink and Adultentertainment) **Administration** has allowed Messrs. Escobar and Valdez to actually make medical claims in their advertisements. The rapid medicinal approval by the **FDA** was reportedly helped by the active support of President Bill Clinton. Rumors abound that Mr. Clinton was both an early consumer of the wine as well as an early advocate of it's medicinal use.

Hence, the question now becomes, "Is this all that this miracle wine can do"? According to Messrs. Escobar and Valdez perhaps not. Studies are currently being conducted at the *Albanian Medical College* to see if **COCA WINE**, like French red wines, may also increase the levels of the good (HDL) cholesterol.

## Why I Hate Being Dead

By Richard Milhous Nixon

(or, **YOU CAN'T KICK DICK NIXON AROUND ANYMORE UNLESS YOU'VE GOT A SHOVEL...**)

Hades (**WHN**) As a former President of *United States of America*, I frankly expected better treatment in the **AFTERLIFE**. But what do I get....a room that's hot as Hell and that damn Judge Sirica as a next door neighbor. But what I hate most of all are those damn worms.....

## WHN Celebrates Fourth Year of Continuous Publication

### WHN Staff Hold Anniversary Party at the Swank Place

### (AND FRIVOLOUS LAWSUITS)

Albania (**WHN**) We're still here! Despite brief labor disputes and frivolous law suits (e.g., Mother "Machine Gun" Theresa--see Issue 26) which have at times slowed publication schedules, the **WHN** is still actively publishing after 4 hectic, and at times trying, years. To honor all those who have made the **WHN** a success, Publisher and Editor Mark Scott threw a party at them at the infamous **Swank Place Bar & Grill**. The Keynote Speaker was the Dolly-Llama who visited Albania specifically for this drunken event. As expected, the

Dolly-Llama, the spiritual leader of Bubba-ism, gave all party goers plenty of reason to drink.
