## A New Century Begins!

### President McKinley Claims “It Will Be America’s Century”

President McKinley is renominated for the presidency, Theodore (Teddy) Roosevelt to be his running mate. McKinley points to the Dingley Tariff (1897) and his sson to be passed 1900 Gold Standard Act as his domestic achievements. In keeping with tradition, the incumbent president will not campaign but will instead attend the Worlds Fair to be held in Buffalo, New York. When asked “Why Buffalo?”, the President responded with an enthusiastic, “Why the corn dogs of course!”.

Political insiders however state that other reasons may undelie the choice of Buffalo. Senator Ned Ander-Thal (Democrat from Albania), a ner’do-well publisher and faculty member of the *Albanian Medicinal College* states the McKinley has more nefarious purposes in Buffalo. Senator Ander-Thal has proclaimed that “McKinley is preparing to invade Canada once again at Niagra. He has told everyone that America’s loss to those damn Canuks in the War of 1812 will be avenged.” Indeed, support for McKinely’s invasion of Canada has been voiced by the young Senator from North Carolina, the Honorable Jesse Helms.

## GOD Bestows Blessings Upon Apple

Heaven (**WHN**) The most widely cultivated of all fruit trees, the apple (genus *Malus* of the family Rosaceae) is second only to the grape in its importance as a temperate-zone fruit. The apple is one of the oldest of cultivated fruits. Varieties have been recognized and propagated for at least 2,000 years in Europe alone. Today about 7,500 varieties are grown world-wide, and about 2,500 can be found in the United States.

Apples grown for commercial use are generally classified as cider apples which are grown chiefly for their juice; as cooking apples; or as eating (dessert) apples. Size, sweetness, aroma, and crispness vary greatly from one variety to another, and color ranges from shades of red to yellow or green. The several smaller CRAB APPLE species of the genus *Malus* may also be eaten.

America is lucky to be blessed  
with this wonderful fruit.

## GOD Bestows Blessings Upon Apple

Heaven (**WHN**) In a not too surprising move, GOD has weighed in on the United States Versus Microsoft Anti-Monopoly Trial. As demonstated by the recent lunar eclipse of the sun, GOD demonstrated a distinct preference for Apple Computer Corporations Macintosh computer and a complete disdain for Mr. Bill “Belzebug” Gates Microsoft (a.k.a., Evil Empire) Windowsoperating system.

The most widely cultivated of all easy to use computer interfaces, the Apple (genus iJob of the family Power PC) is second only to the sour grape Window in its importance in the computer world.
