## As Albania mobilizes against the evil Osama Bin Barba the **World Headline News** Flees to Canada

Albania (**WHN**) In an apparent show of abject fear, the **World Headline News** has announced its flight to the safe haven of Canada. Editor Scott claims that both the ongoing Albanian war against Osama Bin Barba and the **WHN's** attempt to avoid the jack-booted thugs of Attorney General John Ashcroft have exhausted the legal fund of this muck raking journal. Furthermore, Editor Mark Scott, fearful of being called to service in the Afghanistan war and/or detention by the Attorney General for his editorial stands (we continue to insist that the Attorney Generals investigation of mail fraud by our fund raising charities is without grounds), stated that all future issues of the **WHN** will originate North of the "eh" parallel.

The Publisher of the **News**, Mark Scott, states that this difficult decision came "only after extensive, often painful, consideration of a number of factors. Mostly though it came down

to one thing: Canadian bacon. I hate the broccoli pizza found in Albania. In Canada you get good solid Canadian Bacon". However, Editor Scott stated, "Rest assured that the **WHN** will continue to support the uprising against Osama Bin Barba, but it shall do so from the relative safety of Vancouver with a Molson in one hand and a slice of Canadian bacon pizza in the other hand."

However, sources within the Albanian underground cite other potential reason for the flight of the **WHN**. Ned Ander-Thal of the Northway Alliance cites the repeated mumblings of "Run away, Osama Bin Barba is coming!" coming from the now closed International Headquarters of the **WHN** in Clifton Park.

**James Barba, Nephew of Osama Bin Barba, Named CEO, Chairman of the Board and the Holy See of AMC**

Albania (**WHN**) AMC CEO and Chairman of the Board Mr. James Barba has further consolidated his totalitarian hold on AMC. Mr. Barba bestowed upon himself the title of *Holy See of AMC*. Mr. Barba states that this prestigious position was bestowed upon him by him because of his unfailing vision of the future and his inability to make mistakes. According to Mr. Barba, his position as *Holy See of AMC* comes complete with full Papal Infallibility as well as lifetime memberships in the *Hair Club for Men* and *Suzy's Tanning Salon*.

**Osama Bin Barba & Osama Bin Laden**

Albania (**WHN**) International Security Expert Ned Ander-Thal of Clifton Park, Albania has announced a \$0.10 reward for the capture and prosecution of Osama Bin Barba leader of the Albanian Miaglomaniac Crusade (AMC). Osama Bin Barba is wanted by the Hague (Editors Note: actually she is not all that bad..) for crimes against humanity. Bin Barba, often referred to as the "Pillar of AMC" by his supporters - or various four letter words by his detractors - has been accused of the persecution of intellectuals in Albania.

Bin Barba was reportedly trained in Afgan weaving by Osama Bin Laden - the scourge of all civilization. Indeed, analysis of photographic evidence by Mr. Ander-Thal suggests that Bin Barba may be the twin brother of Bin Laden. Behavioral Analyst Dr. Sigmoid Froid of the *Albanian*

*Medicinal College* suggests that commonalities in Bin Laden's and Bin Barba's behaviors supports Mr. Ander-Thal's claims. Bin Barba is particularly known for his profound cruelty towards secular intellectuals.

Mr. Al Kada, spokesman for Mr. Bin Barba, denies these accusations, "Mr. Bin Barba denies any ties to Afgan weaving with Mr. Bin Laden. While Mr. Bin Barba is aware of some weaving techniques, these involve the cosmetic use of prosthetic keritins. Mr. Bin Barba's persecution of intellectuals is simply in the name of saving the AMC."

## Research Scientist Packs Bag and Flees Albania

Official **WHN** Biography adapted from "Who's Who and Who Cares"

Dr. Mark Scott extorted a Ph.D. from the University of Minnesota in 1988. From there, he escaped to Oakland, California where he switched from working on oxidative damage in E. coli to oxidative damage in red blood cells (both are very very small hence Dr. Scott did not know the difference).

In 1989 Dr. Scott was forcibly sent to France (France is an American Penal colony located close to Albania) where he continued his red cell research, ate croissants and butchered the French language. However, in 1990, the French government - representing the people sentenced to live there - obtained a World Court ruling forcing Dr. Scott back onto U.S. soil.

In 1993 the California research institution afflicted with Dr. Scott traded him to the *Albanian Medicinal College* for \$0.01 in cash and a promise by AMC to perform a frontal lobotomy on Dr. Scott upon his arrival. However, the *Albanian Medicinal College*, true to form, failed to fulfill its contractual promise of the lobotomy claiming fiscal distress.

However, in an attempt to avoid international condemnation, the AMC Administration declared Dr. Scott a non-entity and initiated deportation proceeding against the alleged scientist.

In an attempt to prevent banishment to Quebec (see France), Dr. Scott is rumored to have fled to Canada.

Research scientist, packs bag and flees Albania

The Future of the Albanian Medicinal College  
**A Prediction**  
By  
Miss Cleo

Albania (**WHN**) As part of our annual

New Years Prediction Issue, the **WHN** consulted noted taro card reader Miss Cleo via her 1-800 number (note to our Canadian readers, this number is blocked). In a shocking reading the Taro decks the dreaded *Toilet card* repeatedly appeared. Miss Cleo's interpretation of this card was however, uncharacteristically vague with her only utterance being, "Oh shit".

In an attempt to clarify this reading, the **WHN** approached Osama Bin Barba, leader of the AMC zealots, for his interpretation of the Miss Cleo's prediction. In a typed reply to the **WHN**, Mr. Osama Bin Barba stated, "Miss Cleo is correct, the intellectual elite of Albania should be scared. We of the holy order of AMC shall destroy the infidels."

When contacted regarding both

Miss Cleo's and Mr. Bin Barba's predictions, Mr. Ned Ander-Thal, acting spokesman for the *Albanian Inteligencia*, echoed Miss Cleo's prediction via a quiet,

"Oh shit...".
